

VI. Data Visualization Using PowerBi

AIM:

To learn the Power BI Desktop interface and workflow by connecting to Excel/CSV/SQL data sources, creating basic visualizations (bar, line, pie), writing calculated columns and measures (DAX), and assembling an interactive dashboard that answers simple business questions.

Date	Region	Category	Product	Quantity	UnitPrice	YearMonth
#####	North	Electronics	Laptop	2	55000	2026-01
#####	South	Electronics	Headphone	8	2500	2026-01
#####	East	Furniture	Office Chair	5	7000	2026-01
#####	West	Electronics	Monitor	4	12000	2026-01
